Moscow Reports Dulles Plans to Lead Cuba War

LONDON, April 18 (Reuters)—The Moscow radio reported at 6 P. M. (noon Eastern standard time) Tuesday that Allen W. Dulles, head of the United States Central Intelligence Agency, had arrived in Puerto Rico.

The radio said he apparently "intends to command in person the aggressive actions against Cuba."

Mr. Dulles, "who worked out the plans for armed intervention in Cuba," was accompanied by a group of top United States officers, the radio asserted.

WASHINGTON, April 18 (UPI)—Allen W. Dulles, director of the Central Intelligence Agency, was seen leaving the White House, after conferring with the President, about noon Tuesday.

Charles W. Bohlen, State Department expert on Soviet affairs, also was seen leaving the White House in the early afternoon.
